fields are scarce, but those who write  
Stinson & Co. Portland, Maine, will receive  
free, full information about work while  
they can do, and live at home, that will pay  
them from \$5 to \$25 per day. Some have  
earned over \$50 in a day. Either old, young or  
not required. You are started free. Those who start at one  
are absolutely sure of long life fortunes. All is new.

JAMES G. BLAINE,  
OF MAINE.

Subject to the decision of the Republican National Convention.

"We always have the American flag above us and not below us."—James G. Blaine.

Congressman Catchings, of Mississippi, who owns a farm in Dakota and is enthusiastic about the rapid development of the Territory, said to the Tribune's Washington correspondent Monday: "There are political seasons which will prevent the admission of Dakota, or any part of it, before the Presidential election. We Democrats have not forgotten how much the admission of Colorado cost us in 1876. We were fooled that time, but we never will be again. The best that Dakota can expect is that Congress will provide for the selection of a Constitutional Convention at the election to be held next November."

Although ex-Vice-President Wheeler was supposed to have but few kinsmen, about fifty claimants for a share of his estate of \$75,000 or \$80,000 have been discovered. The will, which will be offered for probate on December 5th, contains some surprising blunders, which may invalidate it. He left a legacy to the "Presbyterian Committee of Home Missions," though there is no such organization, and he made Miss Chambers, one of the beneficiaries of the will, a witness to it. All the heirs will fight the will.

It is not certain what form the legislation will take in regard to the Chinese question. The feeling is pretty general that there is legislation enough to exclude the Chinese if the law is properly carried out. However, Senator Mitchell intends to introduce his bill and press it in the Senate. It practically excludes all Chinese from this country and nearly prohibits all intercourse between this country and China. Felton intends to introduce his bill which excludes Chinese, but does not cut off our trade with China.

The Tribune's Washington special says: A Southern Democratic Congressman is quoted as saying that Carlisle feels a good deal embarrassed by the contest of Thoburn for his seat; and yet although the Speakership caucus will not be held until Saturday next, he is understood to be engaged in reviewing the Democratic membership of the House with a view to the formation of a committee. Carlisle, of course, would not do this if he were sure of re-election to the Speakership.

Through the niggardly policy of the Democratic Administration in placing Postmasters on starvation salaries and increasing their labor and responsibilities, First Assistant Postmaster General Stevenson is able to make a pretty fair showing for his department during the past fiscal year.

The annual report of First Assistant Postmaster General Stevenson shows the number of postoffices established during the past fiscal year was 3,043. The increase in the whole number was 1,543. The whole number of postoffices in operation on June 30, 1887, was 55,157.

The Pittsburgh Chronicle is in favor of President Cleveland abbreviating his message as follows: "Senators and gentlemen: Having read the newspapers, you know what the country needs. Go to work.—G. C."

Jacques Wissler, who engraved nearly all the plates from which the money and bonds of the Confederate States of America were printed, died last Wednesday night at his home in Camden, N. J., aged 84.

The Board of Schems of Tammany Hall have decided that the Democratic National Convention of 1888 ought to be held in New York City, and they tender the use of Tammany Hall for that purpose.

Captain Black, the lawyer who defended the Anarchists, is said to be out of pocket \$50,000, he having spent that much in behalf of the condemned men.

R. S. Smith, editor of the Times and Gazette, at Redwood, Cal., was shot four times yesterday and cannot live.

The President yesterday appointed Allen D. Norman to be Postmaster at San Diego, Cal.

St. Louis Democrats want the National Convention.

## TARIFF PROBLEMS.

The Difficult Task Before the Democracy—They Dare Not Come Out for Free Trade—Opinions of Leading Republican Members.

New York, November 28.—The Tribune's Washington special of the 27th says: The chief topics of discussion among the Senators and Representatives who have arrived in Washington, are the surplus revenue and the means to be adopted to dispose of it. The Democrats, who control the House, seem to be as badly muddled as they were two years ago. They are agreed on one thing, namely, that something must be done to save the party next year, for it is noticeable that the more they consider the result of the late elections the less confident do they feel of success. The most that any of them hope for is to pass some kind of revenue bill, which will be "a good enough Morgan" until after the Presidential election.

The recommendations of the President and Secretary of the Treasury will be framed with that end in view, and the former will sign any makeshift measure which may be sent to him for his approval. It is settled that Carlisle is to be re-elected Speaker and that Mills is to be Chairman of the Ways and Means Committee. Mills is a sincere and earnest Free trader, between whom and Randall there exists the most bitter antagonism. Springer and some other Democrats expect that the report of the Secretary of the Treasury will be accompanied by a draft of a bill to reduce the revenues \$80,000,000 or \$100,000,000 a year, among the provisions of which will be the repeal of the internal taxes on tobacco, a radical reduction of duties on metals, pottery and earthenware, and cotton and woolen goods, and the transfer of several hundred articles—including salt, lumber and wool—from the dutiable list to the free list.

Senator McPherson is certain that something must be done, and he says: "For myself I would favor a bill taking off the tax on tobacco and making the balance of the reduction on other articles on the tariff schedule. New Jersey is a protective State, and the Democrats can't afford to advocate free trade or any sweeping tariff reductions without losing her vote, and they will need that vote, for I can't see how a Democratic victory is to be figured up without New Jersey and Connecticut. The reduction advocated must be moderate and above all must not reduce the wages of workmen. Any tariff bill that does that I shall oppose."

Randall agrees in the main with Senator McPherson, although he would cut a little into the internal revenue, and would transfer to the free list only lumber in the rough, jute butts, bristles, and perhaps two or three other articles.

Mr. Carlisle wants to enlarge the free list by the transfer thereto of raw materials, including wool, so as to reduce the yearly revenue from customs about \$50,000,000, and favors the repeal of internal taxes on tobacco to the extent of \$18,000,000 a year.

Senator Sherman favors the revival of the distribution Act of 1837, by which the surplus could be distributed to the States upon the basis of population. He thinks the question of reducing the surplus will come up with the tariff, and that the Senate will bring in a new bill when it receives the work of the House.

CHICAGO, November 28.—The Times' Washington special says: The tariff bill that the administration will favor will propose to take off only a quarter of the sugar duties, and a little more than half the tobacco tax, but before it gets through the House it will abolish all the tobacco tax and probably take off one-half of the sugar tax. This course will leave a smaller amount to be taken off the protective portions of the tariff.

The repeal of the special tobacco taxes and the taxes on smoking and chewing tobacco would, on the basis of last year's figures, cut off about \$14,000,000 of revenue. One-quarter of the sugar duties would be about \$12,000,000. Here is \$26,000,000. Putting wool on the free list would cut off \$5,000,000 more. Lumber would dispose of \$1,000,000, and salt of less than \$1,000,000. This is about \$33,000,000 in all, and \$37,000,000 would have to be taken off the rest of the tariffs. But taking off all tobacco taxes and one-half the sugar duties would reduce the revenues \$55,000,000 and leave only \$15,000,000 to be taken off wool, lumber, salt and all other articles in the tariff list, assuming that \$70,000,000 is about the desired reduction of the revenue.

## THE POSTAL SERVICE.

Reports of the Work of the Past Year.

WASHINGTON, Nov. 27.—The actual report of First Assistant Postmaster-General Stevenson shows that the number of postoffices established during the past fiscal year was 3043, an increase in the whole number of 1543. The whole number of postoffices in operation on June 30, 1887, was 55,157. The appointments of Postmasters during the year was as follows: On resignations and commissions, expired, 6863; on re-

movals and suspensions, 2584; on deaths of Postmasters, 589; on the establishment of new offices, 3043. There were seven States which on June 30th contained more than 2000 offices, each as follows: Pennsylvania, 4114; New York, 3248; Ohio, 2834; Virginia, 2355; Illinois, 2266; Missouri, 2117 and North Carolina, 2110. As the result of the annual adjustment of Postmasters' salaries, which took effect July 1, 1887, twenty-two offices of the third-class were reduced to fourth-class and two offices of the fourth-class were assigned to the third-class, leaving 2336 Presidential offices divided into classes and numbers as follows: First, 82; second, 435; third, 1810. The number of money-order offices in operation was 7745.

The report of the Third Assistant Postmaster-General for the last fiscal year shows the total ordinary postal revenue for the year was \$48,118,273; the revenue from the money-order business was \$719,336; total revenue, \$4,837,609. The total expenditures for the year, including actual and estimated outstanding liabilities were \$53,133,351; deficit in revenue, \$4,295,642. In addition to this there was certified to the Secretary of the Treasury for the credit of the Pacific Railway companies \$1,187,027 earned by them for carrying mails. The total excess of cost of the postal service over the revenue was \$5,482,670. The receipts of the year were 11.1 per cent. greater than the previous year, while the increase of expenditures was at a ratio of but 3.4 per cent. The delivery system has made considerable advance during the year. The total value of all stamped paper issued by the department during the year was \$46,619,686, an increase of nearly 7 per cent. The postage collected on second-class matter was \$1,262,348, representing a weight of over 63,000 tons, an increase of 15 per cent. over the previous year. Three important recommendations are made. The first of these is that the postage on all second-class matters shall be paid by the attachment of adhesive stamps, as is required for all other mail matter. The second is that only legitimate newspapers and periodicals be admitted to the second-class rate. In other words, that certain books which it is claimed are in no sense periodicals except that they profess to be issued at regular periods, be admitted only at third-class rates. The third is, that the number of sample copies of second-class matter to be sent out by publishers be limited to as many periodicals which, under the law, now gain admittance as second-class matter, being enabled by the privilege of the mailing of sample copies to defeat the law excluding publications issued for advertising purposes or at nominal prices of subscription.

## THE ALTAR.

CAMERON—SCHOOLING—in San Francisco, November 27, at the residence of the bride's mother, by Rev. G. H. Jenkins, William H. Cameron to Mattie E. Schooling, both of San Francisco. [No cards.]

## ASSESSMENT NOTICE.

SOUTHSIDE IRRIGATING CANAL COMPANY.—Location of canal Washoe county, Nevada. Notice is hereby given that a meeting of the Board of Trustees of the above named company, held on the 12th day of November, 1887, an assessment (No. 20) of one dollar (\$1) per share was levied on each and every share of the capital stock of the company, payable immediately in U. S. gold coin, to John B. Williams, Secretary, at his office in the Court House, Reno, Nevada. Any stock upon which this assessment shall remain unpaid on the

17th Day of December, 1887.

Shall be deemed delinquent, and will be advertised for sale at public auction, and unless previously paid, will be sold by the Secretary of said company at his office on Saturday the 1st day of January, 1888, at 2 o'clock P. M. of that day, to pay such delinquent assessment, together with the costs and expenses of sale. By order of the Board of Trustees.

JNO. B. WILLIAMS, Secretary.  
ENO, Nevada, November 15, 1887.

## STOCKHOLDE MEETING.

SOUTHSIDE IRRIGATING CANAL COMPANY.—Notice is hereby given that the annual meeting of the stockholders of said company will be held on

Saturday, December 3, 1887.

At the office of the Secretary, in the Court House in Reno, at 2 o'clock P. M., for the election of Trustees for the ensuing year and for the transaction of such other business as may properly come before the meeting.

JNO. B. WILLIAMS, Secretary.  
Reno, Nevada, November 15, 1887.

Judge Leonard was in town yesterday. Mr. and Mrs. A. H. Manning have returned from their visit to the Bay.

Alfalfa is quoted \$9 per ton in the stack, and beef at 5-cents per pound.

The show window of the various stores are putting on their holiday attire.

Standard Nerve Food a healthful drink. Geo. Becker, agent, Reno, Nevada.

The Piamas House, at Quincy, will give a grand ball on the night of December 28th.

J. G. Irwin, aged 60, blew his brains out on the railroad track below Elko Monday afternoon.

The cold weather in the East is driving large numbers of tourists to California by way of the Southern route.

The people of Cedarville are contemplating the construction of an \$8,000 brick school house. Such improvements speak well for a town and community.

On and after to-day the northern mail, formerly going by the N. & C. R. R., will be carried by the stages which will connect here with the overland trains.

The papers in the Morrow case have not yet been transferred to Sonoma county. If received by the middle of the week the trial will be set for next Monday.

A young man named John W. Armytage, of San Francisco, has been arrested in New York for attempting to cash a forged check bearing the name of John W. Mackay.

Some person burglarized the Arcade saloon Saturday night of the contents of the bill and several boxes of cigars. The visitor entered through the back window and did considerable damage besides the robbery.

As Christmas comes on Sunday this year, the celebration of that day will probably commence on Saturday evening and continue until after Monday. Some may continue until after New Years, then swear off.

A Postoffice employe says that the gummed surface of a postage stamp should never be placed on the tongue. Moistens the other side of the stamp and the corner of the envelope, or the latter only, and the stamp will stick for all it is worth.

Seventy-two tons of ore, sampled during last week at the Eureka Con. reduction works, from the Silver Connor mine on Prospect Mountain, Eureka county, gave a dividend to each of the owners of \$775, and left a reserve, carried over for expenses, of \$600.

The wind storm of Monday managed to blow up a small snow storm for Reno yesterday morning, and a pretty heavy fall on the mountains. The hills west of town are covered with the beautiful and the cars coming in from the west were pretty well covered with snow.

**FALSE ECONOMY.**—It is false economy to do part of to-morrow's work to-day; living cheaply so that you can dress well; going to law about something you can compromise; to employ a botch because he doesn't charge much; sitting in the twilight doing nothing to save oil; buying things you don't want because they are cheap; marrying your daughter off to an adventurer so as to get her off your hands; to take your money out of the bank and invest it in a wild-cat scheme; taking your boy out of school and allowing him to grow up in ignorance for the sake of \$2 a week he can earn.

**SOCIAL DANCE.**—O. M. Mitchell Post and the Woman's Relief Corps here will give a social dance in Armory Hall on Thursday evening, December 29th, to raise funds to aid in removing the remains of deceased soldiers to the Post's new burial grounds, recently donated to them by Amity Lodge, No. 8, Knights of Pythias. Their object is a laudable one, and they should be encouraged by every one able to purchase a ticket.

**DISTRICT COURT.**—The District Court convened yesterday morning, Judge Bigelow on the bench. The case of the Reno Reduction Works vs. the Board of Commissioners for the Care of the Insane, was set for trial on December 16th. The case of Clarke & Jones vs. Pyramid Lake Mining Company, a suit to quiet title, occupied the balance of the day.

**CHANGE OF TIME.**—The Virginia and Truckee railroad will probably change the time of its passenger train, now that the mails are carried on the fast trains. It will leave Virginia City about 3 o'clock in the morning arriving here at 6, and will return soon after the arrival of the train from the East in the afternoon.

**DOING GOOD WORK.**—Nevada is indebted almost solely to C. W. Friend, of Carson City, for meteorological observations for a number of years past, and for the several stations now in the State. To him is due the establishment of the weather indication offices at Carson City, Winnemucca and Keeler. These stations make six observations each day and three of these observations are telegraphed to the branch and head offices. The observations in this State—telegraphed—are taken at 4 o'clock A. M., at 12 o'clock M. and 7 o'clock P. M. Mr. Friend has been furnishing Carson City with the weather indications at his own expense, and has permitted the Enterprise, of Virginia, to take the report as it passes over the wires there, and is willing to extend the same courtesy to Reno as he has done to Virginia, providing arrangements can be made to do it. The Government officials have received the benefit, not only of Mr. Friend's observations, but the results of many of his inventions and experiments, which have been adopted without giving him due credit. There is no other station in the country that the reports can be relied upon more closely than those of Carson City. The zeal of Mr. Friend, as a meteorologist, is such that in time he will have formulated for Nevada a system of observations that will reflect the greatest of credit upon him and give the people an unsurpassed weather service.

**AN ALLEGED FORGER DISCHARGED.**—The jury in the case of A. P. Clark, tried for raising a check drawn by Ellis Ellen of Truckee, returned at noon Sunday with a verdict of acquittal, after being out over fourteen hours. The defense in their plea set up that Ellen had drawn the check for the amount it was cashed for, and instructed Clarke to draw the money and buy a certain tract of land, and that Clark drew the money and went to British Columbia. It was embezzlement, but not forgery, according to their theory, and the jury doubtless so regarded it. This leaves Clark safe, as it is a settled principle of international law, that an extradited man can be tried only for the offense for which he is extradited, and Clark was extradited on the charge of forgery, of which he now stands acquitted. When Clark was surrendered by the British Columbia authorities, he threatened, if brought back for trial, to make scandalous disclosures affecting the family of Ellis Ellen, and Ellis's married daughter, who was expected to be a principal witness against him, brooded over the matter of his threat until she died. It was popularly believed that she committed suicide, and there was considerable excitement over the matter in Truckee at the time.

**SUTRO TUNNEL.**—A New York dispatch of the 27th says: "A plan for the reorganization of the Suto Tunnel Company has been prepared and the Executive Committee of shareholders has approved it. An assessment of 50 cents a share has been levied on the stock, in return for which the stockholders will receive first-mortgage thirty-years income bonds, bearing interest at 4 per cent., but not cumulative at their face value. The issue is to be limited to \$3,000,000, secured by a first mortgage of the company's profits, but only enough bonds shall be issued at present to settle the pending foreclosure suit and mortgage, the balance to be used in improving and extending the property. One-half of the net earnings, after payment of interest, will be applied to the purchase and cancellation of bonds to issue under this plan. Transfer-books will be closed on December 12th."

**A WOOL-SCOURING FOUNDRY.**—State Senator Foley, of Eureka county, one of the principal owners in the English mill property located at Reno, visited the Comstock last Wednesday. He informed the Virginia Chronicle that the mill will be used for a wool-scouring establishment, provided a satisfactory arrangement is made with the Central Pacific Railroad Company for freight tariff on raw and cleansed wools. By the scouring process the weight of wool in the fleece is reduced 70 per cent. The railroad company is now probably figuring on the problem of how much tariff the cleansed wool will bear to produce as much revenue from its transportation as it is now receiving for freight on the raw material.

**"NATURAL GAS."**—Manager Piper has arranged for the appearance at the Nevada Theater next Saturday evening, for one night only, of the famous triumvirate of comedians, Messrs. Gilbert, Girard and Donnelly, in the latest specialty musical farce, "Natural Gas." The play is the work of H. Grattan Donnelly, and he boldly announces that any one who finds any literary merit in his work will be prosecuted. All of the lively and popular music of the day is introduced and well sung. The Cincinnati Enquirer says: "There is not a member of the cast that does not deserve a special notice. All of the ladies are pretty, with good voices, and dress with taste. The show is one of the best of its class."

**HAVE ARRIVED IN RENO.**—Doctors of the English staff of physicians, surgeons and specialists, have arrived in Reno and can be consulted until Saturday evening, December 3d, at the Depot Hotel. These surgeons will return every three months, and, to establish a wide reputation in Reno, they offer their services for the first visit free of charge. Let every sick person call upon the doctors, and where no hope of recovery can be held out the patient will receive the best of advice. These doctors have had large experience in the hospitals of London, Edinburgh, Dublin, Paris, Vienna, Berlin, St. Petersburg, New York, etc. To show the extent of their skill they offer a large premium if they fail to cure any case they undertake of consumption, catarrh, cancer, nervous debility, dyspepsia and liver complaint, skin, ear and eye diseases, rheumatism and ague. Head office, London, England, established in 1870. Branch office, San Francisco, Cal.

**THAT COLD SNAP.**—Below is an official statement of the temperature at the principal towns in Nevada at 7 o'clock Saturday morning: Ogden, 15 degrees below zero; Orlin 16 below; Winnemucca, one degree above zero; Reno, 12 and Virginia City, 20 above zero. The weather at all points was clear and calm at that hour.

**AT MADEIRA.**—The Advocate says there are at present some twenty families located on the Madeira Plains. Most all of them seem to have gone there to stay. Many raise a good quality of hay and others are clearing off the sagebrush for grain. In a few years a thriving lot of farms may be seen on every side of the Plains, and this now almost unoccupied section will come into prominence. The land is of an excellent quality, the lack of water being the only drawback to the successful growing of cereals.

**PAST AND PRESENT.**—"Eighteen years ago, when the air brake was tried, it required eighteen seconds to apply it to a train 2,000 feet long. Four years later the time was reduced to four seconds. Recent experiments with the air brake on freight trains, show that it can be applied to every car in a train of that length, running at the rate of forty miles an hour, and that this train can be stopped within 500 feet, or one fourth of its own length and all this without any jolting."

**A SAD BLOW.**—A young man named A. T. Crawford, hired a laundry at Truckee about a month ago. A few days since he skipped out for parts unknown, taking with him about \$300 worth of the clothing of the community. Some of the women folks call him a "shiftless wretch," but at the same time cannot but feel that they are somewhat so themselves. The Republican says: "It was a hard blow to all."

**SWALM'S TROUBLES.**—In the case of Senuca A. Swalm, charged with the forgery of Dr. R. H. McDonald's name to five certificates of Central Pacific stock, Stephen T. Gage and Col. Charles F. Crocker testified to being present when Senator Stanford paid Mrs. McDonald \$10,000 for the stock. Further hearing was continued till to-day, owing to the absence of necessary witnesses.

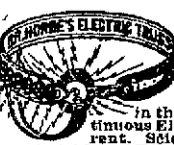

## Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of **Mrs. Winslow's Soothing Syrup for Children Teething**. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-aw f-1v

**What Is It**  
That produces that beautifully soft complexion and leaves no trace of its application or injurious effects? Winslow's Robertine accomplishes all this, and is pronounced by ladies of taste and refinement to be the most delightful toilet article ever produced. Warranted harmless and matchless. S. J. HODGKINSON & CO., my 24 1/2 Agents Va. St., Reno, Nev.
